

# COVID-19 Screening Form

(Strictly Private & Confidential)

Please fill this form. This is for protection of patients, our staff and the community as a whole

Name \_\_\_\_\_

Date of Birth \_\_\_\_/\_\_\_\_/\_\_\_\_

Address \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Email address \_\_\_\_\_ Tel Number \_\_\_\_\_

Have you experienced a **fever, dry cough or difficulty in breathing** the last 7 days? Y / N

Has anyone in your household experienced these symptoms in the last 7 days Y / N

Have you been exposed to anyone with any such symptoms in the last 7 days Y / N

Have you noticed any loss of taste / loss of smell in the last few weeks Y / N

Have you suffered from Lethargy / muscle & joint pains Y / N

If you have answered yes to any of these symptoms you must not come to the clinic and would need to self-isolate for 14 days. Delay routine or non-essential dental care for at least 28 days. You may still get dental advice remotely over the phone. Please contact us

Email – [info@wiltodental.co.uk](mailto:info@wiltodental.co.uk)

Phone – **020 7834 6361**

If you need urgent dental care, we can arrange to refer you to an Urgent Dental Centre

## COVID-19 INFORMATION

Coronavirus advice is available on the government website

<https://www.nhs.uk/conditions/coronavirus-covid-19/>

## COVID-19 RISK ASSESSMENT

	Yes	No
<b>High risk</b> - Frontline health care worker or confirmed case of infection at home or at work		
<b>Moderate risk</b> - Key worker in contact with public but without symptoms or known exposure to an infected individual		
<b>Low risk</b> - Have been isolated / in lockdown alone or with family members with minimal social contact and no known exposure to an infected individual		
Previously infected and recovered - Confirmed by hospital testing with documentation (please upload documentation and complete the additional questions below before attending)		

**Please look at the two risk columns below: Are you in a HIGH or MODERATE Risk group below for COVID-19?**

<p>People at high risk (clinically extremely vulnerable) As defined by the NHS at <a href="https://www.nhs.uk/conditions/coronavirus-covid-19/people-at-higherrisk/whos-at-higher-risk-fromcoronavirus/">https://www.nhs.uk/conditions/coronavirus-covid-19/people-at-higherrisk/whos-at-higher-risk-fromcoronavirus/</a></p>	
<p><b>HIGH RISK GROUP</b></p>	<p><b>MODERATE RISK GROUP</b></p>
<p>People at high risk from coronavirus include people who:</p> <ul style="list-style-type: none"> <li>• have had an organ transplant</li> <li>• are having chemotherapy or antibody treatment for cancer, including immunotherapy</li> <li>• are having an intense course of radiotherapy (radical radiotherapy) for lung cancer</li> <li>• are having targeted cancer treatments that can affect the immune system (such as protein kinase inhibitors or PARP inhibitors)</li> <li>• have blood or bone marrow cancer (such as leukaemia, lymphoma or myeloma)</li> <li>• have had a bone marrow or stem cell transplant in the past 6 months, or are still taking immunosuppressant medicine</li> <li>• have been told by a doctor they have a severe lung condition (such as cystic fibrosis, severe asthma or severe COPD)</li> <li>• have a condition that means they have a very high risk of getting infections (such as SCID or sickle cell)</li> <li>• are taking medicine that makes them much more likely to get infections (such as high doses of steroids or immunosuppressant medicine)</li> <li>• have a serious heart condition and are pregnant</li> </ul> <p>If you're at high risk from coronavirus, you should have received a letter from the NHS. Speak to your GP or hospital care team if you have not been contacted and think you should have been</p>	<p>People at moderate risk from coronavirus include people who:</p> <ul style="list-style-type: none"> <li>• are 70 or older</li> <li>• are pregnant</li> <li>• have a lung condition that's not severe (such as asthma, COPD, emphysema or bronchitis)</li> <li>• have heart disease (such as heart failure)</li> <li>• have diabetes</li> <li>• have chronic kidney disease</li> <li>• have liver disease (such as hepatitis)</li> <li>• have a condition affecting the brain or nerves (such as Parkinson's disease, motor neurone disease, multiple sclerosis or cerebral palsy)</li> <li>• have a condition that means they have a high risk of getting infections</li> <li>• are taking medicine that can affect the immune system (such as low doses of steroids)</li> <li>• are very obese (a BMI of 40 or above)</li> </ul>

	Yes	No
I am not in either risk group		
I am in the MODERATE risk group		
I am in the HIGH Risk group		

I have read the advice provided above and fully understand this.
